

BROMPTON REGIS.

The Rev. Prebendary Firth visited our two schools on May 16th, and has sent very gratifying detailed reports to the Vicar, of which we regret limits of space prevent our publishing of whole. The following are the "General Reports":—

Brompton Regis—"It was a pleasure to examine this excellent School. A full syllabus of work has been most carefully prepared in both divisions, and it is evident that the children's sound and thorough knowledge of, and reverent interest in, all their subjects is due to the earnest spirit in which the teachers have studied the lessons and the best ways of presenting them to the children's minds and hearts. The result of their painstaking work has been to make the School one of the best in the Diocese."

Bury—"The teaching has been methodical and reverent, and the children have duly profited by it. Their answering was remarkably even and intelligent, and their clear and definite knowledge of the Catechism deserves special mention. The Repetition was perfectly known, and the written work was neat and almost entirely free from errors. A very good and useful year's work has been accomplished."

(Signed) J. W. FIRTH,
Diocesan Inspector.
